# WHY RAFRAMPS DROPDECK TRAILERS?

RAF Ramps team has been looking for a solution to quickly load and unload goods and vehicles with the help of single person and without the need of winch or push system.

RAF Ramps is a company with 20 years of experience in manufacturing material loading equipments. Backed by the engineering expertise and innovation, the team had manufactured body dropping trailer which is powered by hydraulic mechanism and is

used to lower the entire deck of then trailer to ground level.

RAF Ramps dropdeck trailer does not require the need to drive, pull, winch, or push a payload up or down a loading ramp thus making it faster, safer and more efficient to load many items like construction, low clearance vehicles, industrial equipments to vending machines and supplies

## Safer

Entire deck of the trailer lowers to ground level thus eliminating the need to pull with a winch, or push a payload up a ramp, also does not require forklift to load or unload the payload.

## Faster

Using hydraulic mechanism lower the entire deck of the trailer to ground level in 15 secs. This provides for faster, safer and more efficient loading of everything from construction and industrial equipment to vending machines and supplies.

## One Person Operation

Load and unload equipment or vehicles with low under clearance and with non-tilting deck with the help of only one person.

Watch loading videos @ [www.bit.ly/RAFDropdeck](http://www.bit.ly/RAFDropdeck)

### LOWER

Lower entire deck to ground level

### LOAD

Load the equipment or machinery

### LIFT

Lift to transport position

## LESS SPACE

Compared to ramp trailers, Less Space is required to load/unload.

# Flexibility

We have standard and custom size drop deck trailers based on clients needs and requirements.

Model	RAF-U 12	RAF-U 34	RAF-U 42	Custom
Capacity (kg)	1500	3000	4000	7000
Deck Width (m)	1.82	1.82	Up to 4.2	Up to 4.2
Deck Length (m)	2.74	2.74	Up to 5.7	Up to 5.7
Trailer Weight (kg)	1200	1800	Variable	Variable
Lift Mechanism	Hydraulic	Hydraulic	Hydraulic	Hydraulic
Axle	Tandem	Tandem	Tandem	Tandem
Wheel Size	38	38	38	38
Brakes	Electric	Electric	Electric	Electric

## WHAT ARE THE USES OF RAFRAMPS DROPDECK TRAILER?

Facilities Management

Vending Facilities

Landscaping

Construction

# WHAT MAKES RAFRAMPS DROPDECK BETTER THAN OTHER TYPES OF TRAILER?

Benefit	RAFRamps Dropdeck	Simple Tilt	Ramp Style
Loading without attaching a tow vehicle	YES	NO	NO
Can load/unload without pull, winch, or push a payload	YES	NO	NO
Accommodates low clearance vehicles/equipment	YES	NO	NO
Accommodates multiple items	YES	NO	YES
Requires less space to load	YES	YES	NO
Does not require forklift to load (safer)	YES	NO	NO

## OPTIONS & ACCESSORIES

**Winch**

**Battery Charger**

**Spare Tire**

**Tail Gate**

**Extended Side Rails**

**Service  
&  
Support**

RAFRamps has 20 years of experience in servicing client and committed to providing the best service, parts, support and distribution in the region. Our commitment to your satisfaction is important.
